## **Action Summary**

Action	Who
<b>5.1 Updated Risk Assessment</b> ST has updated the Risk Assessment adding staff lateral flow tests (LFT) and reverting back to single class bubbles. There are 60 pupils in school, 2 x adults are in each bubble, staff leave school premises by 15:30 to ensure there is no cross contamination with the cleaning	ST
staff, staff wear masks and visors, no one is permitted on site without a mask, there are rolling break systems for staff. Only one member of staff has not consented to the LFT. ST has offered seven members of Pre-School staff LFT. TS queried the impact of the staff and pupils since returning from Christmas Break.	
<b>5.2</b> ST said the new system was working well but very tiring, planning and preparing to teach in class and remotely, the Teaching Assistants (TAs) were all very supportive communicating with pupils and parents. IT skills have improved and ST is confident the staff will become au fait with web cams when they are installed and in use.	
Teachers hold a Zoom meeting for pupils at home on Mondays and Fridays. TAs contact parents and pupils on Tuesdays and Thursdays. If it is still not possible to contact pupils the teacher's email.  School is currently almost at capacity with 1 space in Reception and 1 space in 4/5 Class.	

The school has lent out a lots of Chrome books to support pupils with home	
learning. ST has ordered a set of text books for a pupil who is not able to study	
online.	
The Risk Assessment is robust and comprehensive.	
The month of the state of the s	
<b>6.1 Safeguarding</b> ST updated the LGB. There are 2 child protection cases which	
have reverted to Child in Need. All children from both families are in school. Both	
families have referrals to Social Workers. Section 47 inquiries. Staff are confident	
to speak to the Designated Safeguarding Lead (DSL) Lydia Blake (LB) to action	
concerns and LB will follow up with Social Services. These families are doing well.	
One child is able to be in the classroom during lessons, go out to break and eat	
with the other children. In this instance, lockdown is working well for this pupil	
and, after February half term, he will increase his time in school.	
Education, Health and Care Plan (EHCP) Funding – ST is paying from budget as the	
pupil is lower Band A. This will go back to the Panel to see if we can get 1-1	
	ST
supervision funding for Forest School and move into upper Band B from Jan to	
the end of the academic year.	
TS asked if the Pupil Premium group could have a discreet club so they could	
utilise the Forest School opportunity?	
ST said this wasn't possible due to bubble crossover so would be delayed until	ST
summer. ST will fund places during the October half term as per last year and, if	
forest school is possible, during Easter.	
Included in the school Mid-Year Review capture will be what measures are in	
place to get pupils back on track, there is a possibility of 'catch up' funding

TS suggested ST give a presentation of SEN along the lines of EYFS presentation from BT. TS will speak to ST later regarding online efficient use of online resources.  The outcomes for SEN and Vulnerable children should be at the National Average or better, all should be making significant gains.  SEN Group Update Yr 2 five out of six pupils are very good, reflecting reading intervention and daily reading. One student needs to see an Occupational Therapist. Power maths is making a difference, as is a reduced timetable.  Yr 6 five SEN pupils are in school, progress is not enough, ST is making sure intervention in Key Stage 2 are more effective, the pupils had a very disrupted year 5 with inconsistent teaching. There is a plan in place to split down to two groups of six in Jan but, because of lockdown, this has not been possible as yet.  TS and ST will make a date for next SEN governor visit, when allowed, possible end of March. PF said that the SEN menu pictures were very clear, user friendly and accessible.  ST said the SEN area on the website has leaflets and support ideas.  8.1 Daily Worship Cast policy Msgr K has not been able to come into school so far but is planning to do children's Stations of the Cross. It is hoped that Msgr K will be able to visit school after Easter. Msgr K suggested he do a virtual tour of the church to help re-introduce the pupils to the different parts of the church. ST will let Msgr K know when he is able to come back to school. The possibility of Msgr K appearing virtually in the classrooms was also discussed. Msgr K has very kindly offered a knitted 'Last Supper' for the use of the children. ST galdly accepted them. ST will hold virtual live assemblies once the webcams are up and in use. PF said the live assemblies and lessons at St Mary's are recorded in line with Safeguarding guidelines.  8.2 RE SEF support LH is working on the SEF liaising with HB and Sarah Baretto (SB) regarding moderations and are drafting the DSEF. 	<b>9.2 Use of Sports Premium</b> Chris Addis (CA) did the last governor visit. TS asked	
about progress of the plan this term. ST mentioned it has not been implemented	·	
as yet because of lockdown and will be moved to Summer. Teachers currently	·	
take PE classes in their bubbles. REAL PE scheme is in place, LB and Liam Toohill	take PE classes in their bubbles. REAL PE scheme is in place, LB and Liam Toohill	
(LT) taking the lead. There is a two-year plan with two years of support from REAL		
PE. LB is investigating the resources to set remote physical activities, pupils are		
completing their Daily Mile in school and are encouraged to do so at home as		
well.		1

The School swimming pool — ideally ST would like to change the use of the space to a Multi-Use Games Area (MUGA) which would cost, approximately, between £5k - £7k. This is an all turf playground this would enable the grounds to be rejigged to move the car park to outside the school office. This all-weather area could be offered out for rent. This would be a capitol funded project. One of the benefits is the children would be closer together, geographically, to make break times safer. PF said the pool at St Mary's costs around £6k a year to run. This would solve multiple problems for the school.

**10 Finance, Staffing and Wellbeing** TS set the scene regarding confidentiality, it was agreed to remind Governors that each meeting may have sensitive information, particularly with regards to finances, and if there were an agenda item that was confidential Governor's that were not directly involved may be asked to retire from the meeting and the minutes would go to Part 2 minutes. ST said finance and other confidential topics would be spoken about in broad terms to help mediate this issue.

**10.1 Staffing arrangement for Spring Term** Staff well-being is good and moral is high. Long term staff absence

PC is the supply teacher in Yr 4/5 and has been engaged for the rest of the academic year, feedback from parents has been all good. TS asked after the pregnant member of staff to see how she was coping. ST said the job share was working very well with the member of staff setting remote learning at the end of the week for the following week. Parents are happy. GC asked if Covid was responsible for all staff problems. ST said no, there are personal issues for staff which are due to anxiety which has, in part, been alleviated by LFTs. PF said that Dorset County Council (DCC) had vaccinated their transportation people. CH asked if the long-term absence had affected the literacy lead. ST is covering English & Literacy, LB & BT are covering early reading and phonics. TS asked ST if her work/life balance was ok. ST said she was managing and getting ready for OFSTED had refined her thinking!

The school will be closed over half term. In the October half term Forest school only was running. GC asked if SEN & VUL children would find half term helpful or would it set them back? ST said being at school wasn't the same as in normal times and the children need a rest. HB said the next announcement from the government on school's re-opening would be on 22/02/21.

11.0 Collaboration with parents, carers and the wider community TS advised that this was an objective for the IAB and the aim was to address this after HT appointment in March 2020. The next key thing was to improve the school reputation, number of pupils etc. Parents continue to be supportive and OFSTED are expected to say things have turned a corner. GC asked for suggestions on things the school can start to do. A plan can be made to look forward to. ST said that there is a two weekly newsletter currently sent out to parents. TS said it would be a good idea to send out an update regarding the new LGB. GC suggested a letter to parents explaining the role of the LGB and why the IAB has been replaced. ST suggested an article in the newsletter. It was agreed that GC & TS would draft something in broad terms.

PF was asked what St Mary's did with their board. Dates, members and attendees of meetings are put on the school website with pen portraits of the Board.

#### School Survey – The survey was sent to 80 families, all of whom are remote **learners** There were 19 responses: 89% found the rate of information on the school website helpful 89% found the rate of communication on the school website helpful 89% found the level of work ok 84% found the resources easy to find 95% found the amount of work at the right level 73% found the support provided 95% found Google Meet sessions really useful 89% found recorded sessions really useful 20% found their child's well-being was worse than before lockdown 22% found their child's well-being was much better than before lockdown 27% found their child's well-being was better or about the same as before lockdown Around 20% of pupils are in school. A non-response may well indicate that parents are happy. **12 Governance and responsibilities** Msgr K told the Board that there was a Parish member called Nick Tindle (NT) who may be interested in becoming a Foundation Governor. NT is retired from the Navy where he was a Naval Cadet Trainer who scored an Outstanding from OFSTED. NT is a practising Catholic. TS said it would be great to have another local Foundation Governor and, if NT comes on board, TS would GC become an Associate Governor. GC will speak to NT informally after church one Sunday, GC said that it would be helpful for someone to take on RE Safeguarding and to become the Governor responsible for RE. EF will find out the Foundation EF Governor process from Helen Laird and send out the paperwork as well as any outstanding paperwork for the current Governors. PF agreed to be EYFS Governor. Another possible Foundation Governor, Martin, is currently unwell so the Board will wait until he is up to full strength before approaching him. HB said it was important to build up the Board skill set and acknowledge any gaps so future Governors could be chosen to complement the existing Board. CH 12.2 Parent Governor CH told the Board she is a Year 5 & 6 History & Geography teacher and has been Department SEN Co. CH will read the School Improvement Plan and choose a key area, for the next meeting, that suits her skill set. ΑII All Governors to read the School Improvement Plan and choose the area each Governor has responsibility for. The main areas are: Safeguarding SEN RE Catholic life Health & Safety EF CH & BPS to be set up on GovernorHub. HB showed the new Governors around GovernorHub. 17:30 Msgr K & PF Left the Meeting GC & GC asked ST to set up monitoring for RSE parent working party. The parent is ST

nominated. LH, GC, ST, Msgr K & nominated parent will meet via Zoom.

will forward the PowerPoint to EF who will send out to Governors/add to

**12.3 Governor Induction** TS advised there had been a briefing from the Trust. TS

GovernorHub. Helen Laird has recorded the whole briefing and is looking at ways

to share it with Governors via GovernorHub. The Trust hold a briefing once a term. TS & HB recommend Governors attend if possible.	TS & EF
TS asked if the dates set for the next meeting suited everyone. After a discussion,	
the next dates were decided as:	
17/03/21	
12/05/21	
07/07/21	
All at 15:30 – 17:30 and all via Zoom unless the situation changes.	
HB has very kindly agreed to remain as a Governor during the transition period.	
GC & TS will hold a Zoom meeting to discuss a written piece to parents, GC as	
incoming Chair & TS as outgoing.	
HB, GC & TS will meet to plan the next steps.	GC &
GC offered TS a vote of thanks on behalf of the school and the Board for all the	TS
hard work and amazing support she has given over the years and, hopefully, will	
continue to do so.	
HB suggested Governors submit questions in advance to EF.	All
