Odd Socks:

Well done to everyone who wore odd socks today! It's a brilliant way to celebrate our differences and to show uniqueness is a fabulous thing!

Drop Off:

Please stay with your child until 8:30am when their teachers come out to collect them. Safeguarding is of the utmost importance and we request that you give this matter your urgent attention.

Message from Mrs Fearn:

We are so proud of all the children in our St Catherine's community for showing it's great to be different and for celebrating the things that make us unique!

In November we remember those loved ones from our friends and family who have sadly died. We will be praying for them in Mass next Friday.

Please forward any names of friends and family that you would like us to pray for and we will add them to our special book.

Have a restful weekend

Best wishes,

P Fearn

Christmas Calendar:

Is coming to you next week. Chock full of dates, events and Christmas Cheer!

Snack Time:

It's so important that we teach our children healthy eating

habits early and reinforce that wellbeing is linked to mind, body and soul. Please make sure your child has a healthy snack (fruit or raisins for example) and not biscuits or chocolate for break time.

St Catherine's Catholic Primary School Newsletter

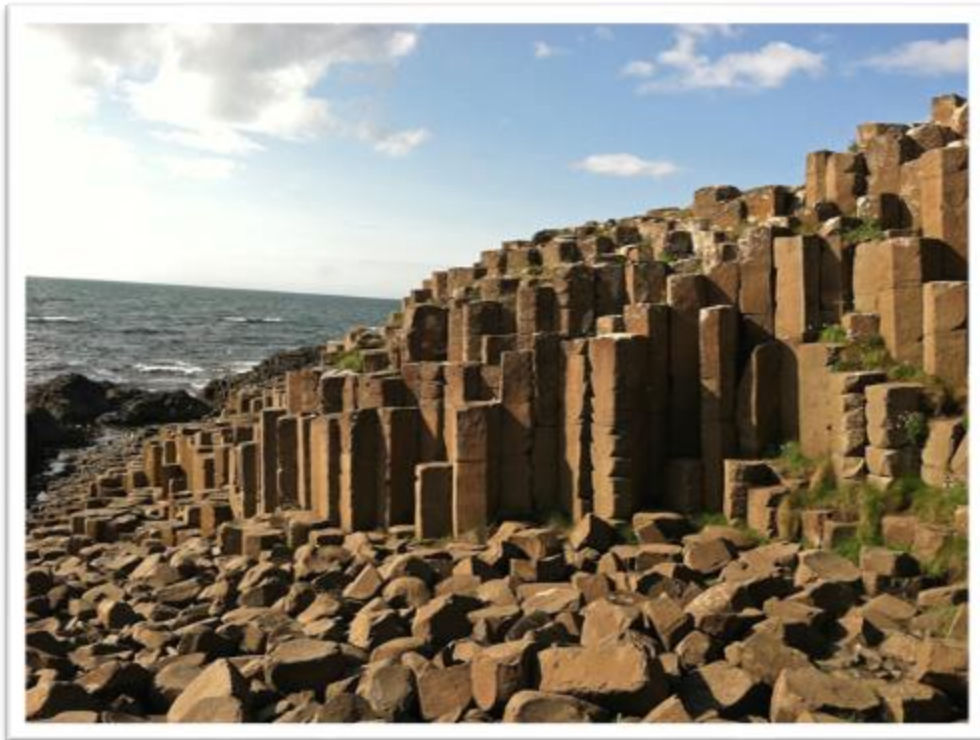

Kids Corner:

Hazel Class have been learning about how to research using the internet. They have been looking at coasts and what our coasts are made of. One of the main elements that make up our coast line is, volcanic rock! Did you know that?

The Giant's Causeway is made from volcanic rock and NOT giants!
